Button Test #1:

Function: "Duel!" button when clicked should start determining which team has attack > health and then reveals the winner of the duel.

Test Results: "Duel!" works as it should and makes the teams of bots duel.

Button Test #2:

Function: "Add to Duo" when clicked adds the selection that you made to your duo. It should max out at two bots.

Test results: when clicked the button works as it should and adds the bot to your duo.

BUG(S):

-When I win it alerts me with a "You Win!" but when i went to look at the "wins/losses" it was counted as a loss.
